

EMERGENCY KITS ORDER FORM

DEAR UCR RESIDENT:

Welcome to the UCR Residence Halls. Happenings such as earthquakes and terror alerts are on everyone's minds these days. Here at UCR we have emergency plans and conduct drills to help us prepare for emergencies. While the University has established plans and resources to deal with emergencies, each resident's own preparedness will be helpful.

UCR's Residence Halls' emergency plans rely on residents being able to be self-reliant so that resources can be used toward assisting the injured. To help in this area, our Storehouse, has arranged for selling EMERGENCY KITS to all residents. You have the choice of two kits:

- 1) Emergency survival kit in a heavy-duty box. Includes 3-day food and water supply, blanket, and first aid items.
- 2) Emergency survival kit in a fanny-pack. Includes 3-day food and water supply, blanket, tissue pack and first aid items.

As a resident, you can receive an EMERGENCY KIT for as little as \$10. Some residents have stated that they could put together their own kit for less, but never do. Ordering your kit now ensures that you are well prepared for any type of an emergency.

To order an EMERGENCY KIT, simply complete the information below and return it to:

UC Riverside Storehouse
Attn: Judy Hodge-Plaxco
951-827-5542
3401 Watkins Drive
Riverside, CA 92521-0411

You must pay by check, payable to "Regents, UC", when you order. Last day to order is Sept. 25, 2009.

(Cut along line)
